
HOST CHARTER

HOMELESS OUTREACH SERVICE TEAM

I commit to helping homeless people in our community. I will work to support service providers, religious organizations and private charities to offer housing, food, substance abuse counseling, mental health support, childcare, job training skills and social work. I support a strategic and comprehensive approach to ending homelessness.

The Homeless Outreach Service Team (HOST) is a community partnership that works to connect homeless individuals with social services and resources.

SHARE

my financial resources, time and talents

GIVE

to charities instead of panhandlers

LEAD

in my circles of influence

TEACH

others the best way to give

CREATE

dignity and meaningful change in the lives of others

By signing this charter, I commit to act now to help end homelessness in Salt Lake City.

Support an effective and compassionate

END TO HOMELESSNESS
